

Creating Your GRN Search Page

### Goal

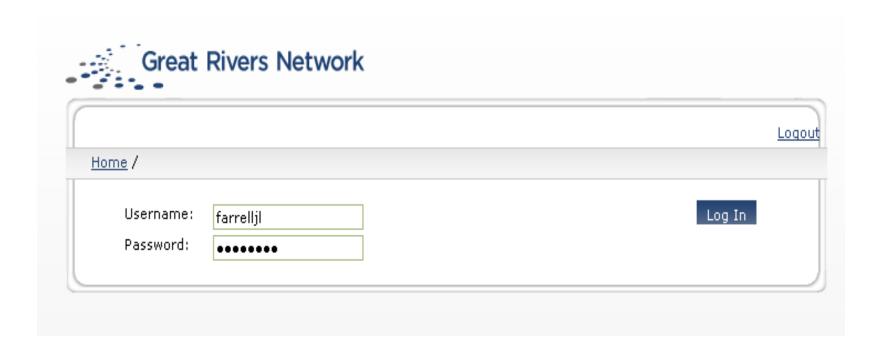

- Build your GRN site look with the search results of your choosing
- Add a search box to your site

#### How MHS Uses the Search Box

- Show search box on MHS site
- http://www.mnhs.org/index.htm
- Keyword search [railroad] (History Finder)
- Fielded search [Hill] (People Finder)

### Logging In

### http://greatriversnetwork.org/admin/

### Opening Public View

- Open another browser window
- Go to <a href="http://greatriversnetwork.org/">http://greatriversnetwork.org/</a>
- ach
- blue
- olms
- nico

#### What is an Admin Site?

- Web page that you'll log in to with a password
- You'll have the option to name your page and put organizational information
- You can choose which collections you want to search
- You can customize your search page to look like your institution's webpage
- You can get the info to add a search box on your site

The Crow Wing County Historical Society has been keeping tabs on Crow Wing County's history since 1927. The museum has three floors of exhibits including displays on the lumber industry, the railroads, mining, and home life. You can also walk through a period home from the early 1900s, completely restored!

Venture into your own history using the museum's research library, look through hundreds of historical photographs, maps, and books. Page through historical copies of several area newspapers, some going back to the late 1800s.

### Adding the Header

- Open the Header page & then click on the html editor
- Go to your website
- In the browser window select View and then Page Source
- Look at the source code and determine which part of it is the header of your site. Copy it and paste it in the html editor

#### **Header Editor**

#### Make Sure Your Links Link

- Go through the html code and make sure that any place that has 'href' or 'src' has the root link to YOUR website
- These 'href' need http://www.bechshistory.com/

#### Make Sure Your Links Link

```
<a href="http://www.bechshistory.com" class="MenuBarItemSubmenu">Home</a> 
<a class="MenuBarItemSubmenu" href="/museum/index.html">Museum</a>

href="/museum/blue_earth_county_history.html">BEC History</a>
<a href="/museum/exhibits.html">Exhibits</a>
<a href="/museum/exhibits.html">Volunteer</a>
```

### **Applying Changes**

- OKAY! You've got your html in the header and you'd like to look at the page
- Save changes there and return to your Admin home
- Then, you must go to Apply Changes and click Apply Changes to the Header before these changes will appear on your site

## **Apply Changes**

 Header Data
 Footer Data

 Apply Changes
 Apply Changes
 Apply Changes
 Apply Changes

### **Apply Changes**

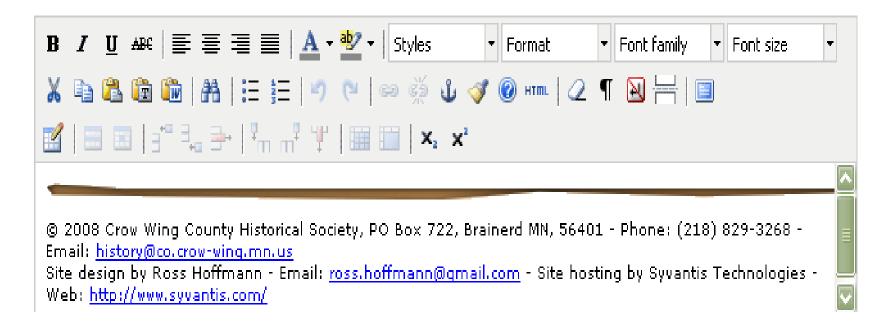

- These procedures are the same for the footer and side bar navigation
- For all procedures, you must not only save the changes in the header, footer, & side bar navigation area, but you must also go to the Apply Changes area and click Apply Changes for changes to be made
- This allows you to work on your site without the changes taking effect

#### Footer

- Open the Footer page & then click on the html editor
- Go to your website
- In the browser window select View and then Page Source
- Look at the source code and determine which part of it is the Footer of your site. Copy it and paste it in the html editor

#### This Looks Familiar!

### Creating a Search Box for your Website

- To generate the required HTML code for a History finder Search box:
  - Select History Finder or People Finder from the Collection Manager page under Create a Form for Your Site

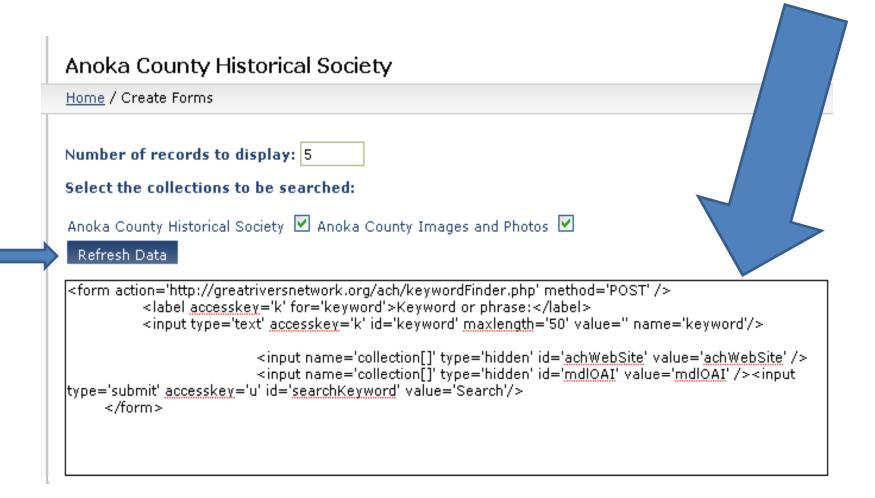

### Creating a Search Box for your Website

Select the collections to be searched:	Select the collections to be searched:  Example Collection		Save Cancel
Example Collection	Example Collection	Number of records to display:	
		Select the collections to be searc	hed:
Refresh Data	Refresh Data	Example Collection 🔲 Another Exam	nple Collection 🔲
		Refresh Data	

### Creating a Search Box for your Website

- Select Refresh Data to generate the HTML to copy. Consider the following options beforehand:
  - You can limit the number of results a Search will display on your page. Decide how many search results you can handle and enter the value in the field
  - If you want a particular collection to be available for a user's search, be sure to check the appropriate box

#### Search Box

#### Search Box

- Clicking Refresh Data gives you the code that you need to put into the code that creates your own site
- Open your html editor
- Cut and paste the code
- Paste it into your sites code

#### Overview: Your GRN Site

- Maintain the look of YOUR website by adding header, footer, and side bar navigation
- Choose which search results you'd like displayed
- Add search boxes to your website
- Continue to submit collections to the GRN so that we can make them available to your patrons (coming soon)!
